

# TOOL LIST

BUILDING THE DORYAK RIVER DORY

W/ BRAD DIMOCK

The following is a basic set of tools that should serve you well for all manner of woodworking, boatbuilding, etc. While **only the highlighted tools are required for Building the Chub River Dory**, if you plan on continuing your hobby, this list can serve as a guideline for a good, basic set of tools. If you are driving and you already have any of these items (or more), please feel free to bring them along. If you are flying, you can stick to the required list, and pare it down as needed. We will be adding a section to the resources page on our website that talks about the tools in more detail and where you can buy them.

## Safety

- Safety Glasses
- Hearing Protection
- Dust Mask
- Close-Toed Shoes
- Work Clothes
- Work Gloves

- Great attitude!

**SUGGESTED READING:**

\*Drift Boats and River Dories by Roger Fletcher

Fletcher uses the boat we will be building for the “how to” section that takes up the central third of the book. He also gives a good history of the boat and how it came to be.
