

Dory Class TOOL LIST

This is a list of tools ranging from 'would be great to have' to 'would be nice to have'. I understand that many of you have to fly in from afar and toting a lot of tools is unrealistic. That being said, I bring along all of the tools we would need with extras to lend but in most cases people want to gain comfortability with their own tools.

In descending order from most important to least.

Block Plane

Nice wide chisel 1"-1-½" (bring a set if you have one)

Spoke Shave

Combo Square (small 6" ones are really useful)

Small ball peen hammer (4 oz or 6 oz)

Pencils

Japanese Saw

Draw Knife

Bench or Jack plane

Claw hammer

Most any other power tools or specialty tools the school will have or I will bring. The Block plane will be your best friend. As always if you have any questions just reach out to me.
