

## WOODENBOAT SCHOOL TOOL LIST

### BUILD YOUR OWN FOX CANOE

Touch base if you have any questions about what tools to bring. Make sure to look at the tool offerings at the WoodenBoat Store, they are stocking many of the items from this list.

#### **REQUIRED TOOLS:**

Safety goggles or safety glasses

Ear protection

Combination Square or 4" double square

13oz or smaller hammer

Back saw or Japanese Dozuki saw

½" and 1" chisels

Block plane. This is a tool we'll use a lot and it's nice to have a good one. Look at the Lie-Nielsen, Veritas or the Jorgensen models. Just make sure to bring one.

16' tape measure

6" steel pocket rule

12 3" C clamps

12 spring clamps

Wire cutters

Metal file

Pliers

Cordless drill with 6 1/16" drill bits

Pencil, pen and notebook

Old towel
